

BUFFALO GAMES TOY SAFETY STATEMENT

We would like to assure our customers that every game and puzzle manufactured by Buffalo Games meets or exceeds even the most stringent safety standards. This has been the case since our company started in 1986.

All Buffalo Games products are manufactured in Buffalo, New York. This allows us to maintain complete control over every phase of our manufacturing process. All our suppliers are required to provide documentation attesting to the safety of their components upon request.

At Buffalo Games, our purpose is to make life more fun and rewarding. We like to believe we accomplish that by producing high quality, safe products. We stand by the safety of our products and the high standards we set for ourselves and our vendors. Thank you.
