

The World's Best REAL ARCHAEOLOGY Computer Game

FOR KIDS
AGES 8 to 88

An amazingly entertaining way to learn and
a great way to spend quality time as a family.

Bring History to Life!

This truly unique and innovative educational
computer game turns players into real
archaeologists while immersing them in ancient
history. Created by a professional archaeologist
and teacher, Roman Town brings history to life in
a way no book or board game can.

EXCAVATE

ANALYZE

EXPLORE

*The award winning Roman Town is a hands-on learning
adventure!*

- Engaging interactive gameplay develops analytical thinking and problem solving skills
- Content highlights the significant contributions the Romans made to art, architecture, language and more
- L.E.A.R.N., the fun in-game encyclopedia tests knowledge and retention of new information and challenges kids to check, confirm and discover

LEARN
