

SCRIPT GUIDELINES:

Please follow these instructions when making your video for the **TDmonthly Charitable Kid Contest**.

1. Make sure there's enough light on your face. Either have someone else shoot the video for you, or turn the LCD screen toward you to check the lighting.
2. Speak clearly and just loudly enough for your camcorder's microphone.

Here is what you should say in your video. Have your mom or dad help you, so you can remember everything:

"Hi! My name is ____ and I am __ years old. I would like to nominate myself* to be the **TDmonthly Charitable Kid** who gives away **100 Schoenhut (pronounced SHONE-HUT)** pianos to needy children."

"I love music because _____."

"Music has made my life better because _____."

"Once, I helped someone with music (and describe how): _____."

"Children in my community would like to receive **Schoenhut My First Pianos** because _____."

"I think I should be the **TDmonthly Charitable Kid** to give away **Schoenhut** pianos because _____."

That's it! Once your video is finished, just have your parents help you upload it to YouTube, send us a link and all of your paperwork and you're entered into the contest.

Good luck!

**If you're nominating someone other than yourself, please adjust the script accordingly.*
